## Tunbridge Treasurer

Anne Mallary- 889-3571

The tax bills have been printed and will be mailed out in the next two weeks. If you would like yours sooner, please stop and pick it up.

The municipal tax rate has been set at \$0.742. Last year the rate was \$0.813, \$0.106 of which was the deficit tax. The education homestead tax rate is \$1.8051 (last year \$1.5325) and the non-residential tax rate is \$1.9720 (last year \$1.8728). The total tax rate for a homestead property will be \$2.5471, and for a non-residential property it will be \$2.714.

A new line on the tax bill is the local agreement tax rate. The rate is \$0.0033. The amount raised by this tax covers the education portion of town- voted exempt properties. This included the grange (\$48,700.00) and the veterans' exemptions over \$10,000.00 (\$160,000.00).

The tax rate for the highway is \$0.4615, and last year it was \$0.435. The budgeted amounts for gravel and diesel were the biggest increases, with a decrease in the amounts for equipment, sand and special projects. On the income side, state aid for highways has been cut, and there is no income this year from the Highway fund with the Trustees of Public Funds.

The tax rate for the selectmen's fund (general) is \$0.2297, and last year it was \$0.178. This increase is primarily a result of adding the appropriation for the sheriff's department, capital improvement, reappraisal and payment for the fire truck to this rate, and an associated decrease will be found in the appropriation tax rate. The tax rate for the appropriations is \$0.0475, and last year it was \$0.094. This budget stayed pretty much the same, with no major increases or decreases.

This year there was a surplus at the end of the year. The equipment and highway funds are reserve funds, so the surplus in these funds cannot be spent on anything else. These amounts will show up in the fund balances and could be used to reduce taxes in the next budget, or on any other highway or equipment emergency. The surplus in the equipment fund was \$12,590.10 and in the highway fund it was \$25,706.94.

## State Representative

David Ainsworth- 763-8017

RAIN\_RAIN\_RAIN It reminds me of the old records which had reached their end and just kept going around and around!! As if the low milk prices and poor feed conditions weren't bad enough now we have to fight late blight on tomatoes and potatoes.

I've received several e-mails asking me to support a Senate bill(77) which when written was to have electronic companies pay for the recycling of their machines and keep them out of landfills. Peggy and I believe in recycling and currently do with our household waste as much as possible and I plan to attend a farmers meeting later this summer talking about recycling farm plastic. However, I can't support a bill without seeing it and seeing how much it may change after it has been passed by the Senate and gone through the House committee before we have a floor vote on it in the House. I do endorse the concept and hopefully can endorse the final bill.

I've been bothered by what I've read and heard in regards to the next (2011) fiscal budget workings. The Speaker said they need to cut a sum(\$30Million) from the start of the new outline on the budget, when the economists had said before we left Montpelier in May that the next budget would be \$60Million short by their best estimates. And, the Joint Fiscal Committee met to review the first quarter's results and said we were already behind our expected receipts and expenses for fiscal 2010. I afraid there is more desire to raise taxes than there is to cut expenses once again-something we can not afford to do again.

Please feel free to contact me at my legislative e-mail address or drop a note to me here at the farm this summer. dainsworth@leg.state.vt.us.

## Tunbridge Treasurer Con't

There is also a budget surplus in the selectmen's fund. This amount cannot be spent on anything, unless voted upon by the town. The surplus in the selectmen's fund was \$18,921.03.

There is also \$30,837.54 that was raised in taxes last year by the deficit tax that was over and above the amount needed to cover the deficit. The deficit tax rate needed to be set by statute, and had to be a percentage of "tax vote already authorized...". This money cannot be spent by the selectboard without approval by the voters at a town meeting.

Nearly \$50,000.00 of town money is being tied up until expenditure is approved by the voters. This could be used to reduce the tax rate, weather-proof the town buildings, paint the town buildings or any other project the town deems necessary.

The selectmen are now having an extra meeting once a month to discuss the budget. We have also been working on adopting some financial policies. An investment and reserve fund policy have already been approved and others under consideration are; an accounting, auditing and financial reporting policy, a purchasing policy, a cash receipts and petty cash policy and a capital improvement plan and budget policy. If you have any questions feel free to cal at 889-3571.

## The TUNBRIDGE Quarterly

Janet Zug 889-9602

If you are contemplating the idea of running for office at our next town meeting, check out this link from the VT Secretary of State site which gives descriptions of all the positions. [http://vermont-elections.org/elections1/whos\\_who.html](http://vermont-elections.org/elections1/whos_who.html).

The deadline for submissions to the TQ is the first of the issue month (Aug, Nov, Feb, & May). Because people ask me, I will explain that all the articles are written by the person who's name is under the heading. These entries are included with only minor proofreading changes. I solicit the articles and build the TQ in a file that is sent to Spaulding Press for printing. The copies are then labeled with the help of our head lister , Judie Lewis and our Treasurer, Anne Mallary. The goal is to have the TQ arrive on or before the 15th of the issue month.

On another note; Principal Kathie Ball found a music teacher for our school and filled the position!

## Tunbridge Board of Listers

Judie Lewis- 889-3571

Myth: If the Listers inspect the inside of your home, your taxes will go up.

First: The Listers have nothing, (let me repeat that) NOTHING to do with any yearly increase in the tax rate.

Second: You are more likely than not to find your house assessed at a lower value if the Listers have an opportunity to view the interior. If we can't go inside we have no choice but to guess what the interior looks like. I'm not saying that we envision all houses have gold-plated faucets and Italian marble floors, but we have to believe that the interior is at least the quality of the exterior, in at least as good a condition, and has no oddities and problems.

More often than not the interior of the dwelling does not live up to the promise of the exterior. A dwelling with great curb appeal may turn out to have six-foot ceilings, a bath on the first floor only, an out-dated kitchen with six inches of counter space, water damage in the ceiling, no trim in half the house, bare light bulbs hanging from the ceilings in the upstairs bedrooms, and a generally disappointing and unworkable floor plan.

As we go around collecting data for the town-wide reappraisal, we have been encouraged by the number of property owners who have either let us inside unannounced or have taken the time to respond to the card we left at the door. However, there remain many homes that we have seen from the outside only. We can't stress enough the importance of interior inspections to help ensure that your property is accurately assessed and that all properties are equitably valued.

The Listers have officially turned over the 2009 Grand List to the Town Clerk. The Listers can make no more changes. This year four people grieved their assessed property values or current use allocation to the Listers. There were no appeals to the Board of Civil Authority.

## Tunbridge Town Website

Rick Scully- 763-7474

The official Tunbridge website has been doing it's best to keep up with all the activities that go on during the summer, but still needs your help sending items for your groups' events. The site is also accepting local listings for the free online business directory, so if you haven't submitted your local business, please head over to <http://tunbridgevt.com> and make contact!

## Tunbridge Neighbors Helping Neighbors

Jim Wick help line 889-3437

Tunbridge Neighbors Helping Neighbors continues to help provide services to local residents through volunteer action. We have been getting a steady stream of calls, and have been able to help quite a few people with all kinds of things. If you need help with something, call the number above.

This service is for anyone. Our emphasis is to provide services for seniors, but anyone is eligible. If the request is reasonable and we can find a volunteer, we will do it.

### Financial Fraud Workshop

Coming in October

Tunbridge Neighbors Helping Neighbors and the Tunbridge Public Library will co-sponsor a workshop regarding financial fraud. Fraud occurs in Vermont. And when it happens, it can have a devastating impact. This impact is felt by the person defrauded, their family, as well as by the entire community. Individuals and families are often the victims of financial fraud through the internet, over the phone, or when someone knocks at your door.

This free workshop will be presented by the Vermont department of Libraries. The presentation teaches Vermonters that they can be at risk for financial fraud, how to spot the "tactics" that fraudsters use in defrauding people, and the simple tools they can use to defend themselves against investment fraud. We are especially concerned about Vermonters aged 55+ who are specifically targeted, but the workshop will be open to everyone.

The workshop will be scheduled in the fall. We will be sending out and posting notices about it when the time comes.

## **First Branch Ambulance & Rescue**

Pam Caron- 763-9595

Thank you to all who came out to celebrate our 25th Year Milestone. This is a tremendous accomplishment for a volunteer squad and should be recognized as such. We owe a great deal of thanks to the two towns-Tunbridge and Chelsea for their continued support and trust. Then of course there are the numerous people that have over the years lent their time and efforts in first creating and then maintaining this organization.

Some of these people are not with us anymore but we need to remember them as they had the foresight and energy to get this off the ground. Some are still part of the community and if you see them please remember to say thanks. We are truly blessed with having two communities with many motivated and talented people in them to allow us to provide quality patient care in a timely fashion in a very rural area. Not a small feat to say the least! Thank you to everyone and here's to the next 25.

## **Tunbridge Grease Collective & Green Mountain Transit**

Todd Tyson 802-431-3433

The Collective and Aldo the GreaseVan are up and running in Tunbridge and up and down the White River Valleys. If you have a diesel vehicle (or wish to get one), a strong environmental consciousness, and a desire to kick the petroleum habit and save some \$...you should consider joining TGC. With a straightforward modification of a diesel engine an extra tank and a steady supply of filtered WVO (waste vegetable oil) you could be economically "greasin' yer ride" while lightening the coffers of the multinational oil companies. TGC currently has an ample supply of WVO and can advise you on where to find the appropriate vehicle and "grease mechanic".

For community transit of 2-7 passengers, Aldo the GreaseVan, is available by advance reservation though Grease Mountain Transit. Whether it be a multi-passenger trip to Montpelier/Hanover/Burlington/Manchester Airport or a group heading off to a wedding/reception or a ski area...why not make "grease" your cleaner convenient transit alternative. Available by suggested donation to TGC.

For further information on TGC or Grease Mountain Transit...just call Todd or email at folkbloke@hotmail.com.

## **Tunbridge Town Clerk**

Wendy McCullough- 889-5521

The Town Clerk's Office has recorded 27 property transfers to date this year. Only 4 of these have been sales, remaining 23 have been transfers of ownership between family members and or names changes. There has been a steady increase in refinances due to low interest rates and assignments of mortgages to new banks due to bank closures. I have not seen bank closures on the local banking level.

The Town Clerk's Office welcomes long-time Tunbridge Resident Joyce Miller as Assistant Town Clerk; Joyce is retired Clerk from the Orange County Court; she currently works for the Union Agricultural Society "Tunbridge World's Fair".

## **Tunbridge Planning Commission**

Sue Clark 889-3733

The Planning Commission has been meeting with Chris Sargent of TRORC to begin planning for a Municipal Planning Grant in preparation for the next Town Plan. "Patterns of Settlement" will be the subject of the study using grant funds. We will, with the cooperation of the Tunbridge Central School, look at where housing has been established over the last several decades in order to answer the question-Are we losing available farmland? We will meet again at the end of the summer with Chris on Aug. 25th at 4:30 to work out details. TRORC informs us that this is an innovative study which may serve as a model for other communities. We will not meet on the 2nd Tues. of August, but will return to our regular schedule in September.

## **Transfer Station & Recycling**

**Saturdays from 9:00 - 3:00.**

The transfer station is no longer accepting cash, You need to have a pre-paid ticket to take your trash to the transfer station. Tickets are available at the town office, the Library and the North Tunbridge Store . Information on recycling can always be found at [www.CVSMWD.org](http://www.CVSMWD.org).

**Mon-Thurs - 8-12 & 1-4**  
**1st & 3rd Tues - 8-6**  
**Friday - closed**

## **Tunbridge Volunteer Fire Department**

Jena Young- 889-2804

Greetings from your Volunteer Fire Department!

Since the arrival of our new Pumper truck this spring, many training sessions have been held for the firemen to become familiar and comfortable with operating all of the trucks equipment and features. In May we held a day-long training at a house on Hansen Road that had been donated to department to use as for training. This allowed plenty of practice in using the CAF and water systems, and we invited the Chelsea, So. Royalton, Strafford and Charlotte Fire Departments to join us in this training event. It was a huge success, very well attended, and with using the CAF system, it actually became difficult to burn down!

Other recent events in July include participation in the Chelsea Fire Department's 125th anniversary celebration where we joined their parade. We also joined Sharon's Old Home Days parade and several members traveled to Thetford to use their burn building for training.

Are you looking to add a couple of truly unique and one of a kind Tunbridge historical artifacts to your collection of antiques? If you act fast, you can own a piece of Tunbridge history! We are selling the "Smokies" building, already fitted with some die hard industrial cooking equipment still in tact. We are also selling Engine 2, as you can see parked in the parking lot in front of the fire department building. We are seeking \$7000 for Engine 2, and any reasonable offer, (and perhaps unreasonable offers), will be considered for Smokies! If you have an interest in purchasing either of these historical Tunbridge artifacts for your collections, please contact Chief Durkee.

Finally, our annual coin drop fundraiser will be organized by Matt Loftus again this year. If you are able to donate any time to this event which will be on Friday September 18th and Saturday September 19th, please contact Matt at 889-3274. We need around 15 people for shifts each day to help us make this event successful & we appreciate any time you may have to offer. This is our biggest fund raiser of the year and it provides much needed resources for equipping the department.

## **ECFiber.Net**

Janet Zug 889-9602 [www.ecfiber.net](http://www.ecfiber.net)

As many of you already know, the funding for the ECFiber project has been stalled due to the market crash last fall. We have been working every angle to secure the funds we need. Work has never stopped on this project.

Countless hours have been spent, mostly by our directors Tim and Leslie Nulty working on ECFiber's application to the RUS for a loan from the stimulus program. Things are looking very promising. We expect to have definitive news by the time the next issue of *The Quarterly* is released.

ECFiber is a grassroots initiative to build a state-of-the-art fiber-optic network in 22 towns, bringing digital television, reliable telephone, and high-speed Internet service directly to homes, schools, and businesses.

## **Tunbridge Church Community Playground**

Janet Zug 889-9602

The excavation work needed on the playground site has been completed by donation from George Elderd.

While continuing to raise the funds needed the committee is working to decide what structures to put on the site. It's a difficult decision as we want to build a safe and sustainable playground for all the children of Tunbridge. There is a quite a lot to consider, more than I'd first imagined!

To make a donation you may send it to T Swayze 56 Swayze Rd in Tunbridge. Please make your check out to the Tunbridge Church with "Playground Fund" in the memo line.

## **Tunbridge Recreation Department**

Carrie McDonnell 889-3310

This spring Thornton Hayslett resigned as the Recreation Director. He devoted many hours to this responsibility and our community has greatly benefited from his service. Thank you Thornton. He has agreed to continue as a member of the Recreation Committee.

Instead of hiring a single person to fill Thornton's position, a committee is being formed and the many responsibilities will be divided amongst the committee members. At this point in time, seven individuals have expressed interest, including Thornton Hayslett, Kathy Galluzzo, Robyn Rogers, Kevin Barnaby, Bob Dunkle, John Oliver, and Carrie McDonnell. If you are interested in taking on some responsibility or simply sharing ideas at meetings please contact Kathy Galluzzo at GALLUZK@nationwide.com or 763-2811. The Committee will be meeting in August.

## **Tunbridge One Planet Afterschool Program**

Carrie McDonnell 889-3310

We just completed a very fun and successful summer program. We had 30-35 students attend on a daily basis. Activities included dancing (line, square, etc), African drumming, swimming lessons, field trips, painting, crafts, and more. Of the 27 students surveyed, 26 indicated that they enjoyed the program. Among parents, 95% of those surveyed said they were very satisfied with the program.

We partnered with the Tunbridge Recreation Department to offer our children 2 weeks of swimming lessons at VTC. Not only did our children improve skills, swimming was the most enjoyed activity, according to the student surveys.

A new Site Coordinator, Chelsey Hook, has been hired for the Tunbridge Afterschool Program. Chelsey will be para-educator at TCS during the day and then oversee the program in the afternoon. Carrie McDonnell will continue with One Planet as the Program Director, overseeing the Tunbridge, South Royalton and Sharon programs.

Fall Session will commence on September 14th. Program registration and session details will be sent home with students during the first week of September.
