

## **Tunbridge Selectboard meeting Nov.3, 2020 SPECIAL COVID MEETING**

Present via ZOOM: Gary Mullen, John O'Brien, Mike McPhetres, Brenda Fields, Wendy Palthey

6pm commence.

**LGER grant:** Brenda Fields, Tunbridge EMD, updated the select board on the LGER (local government expense reimbursement) grant status. The money already spent will most likely be covered by the grant. There are items the town still needs in anticipation of a winter COVID flare up to allow all town business to be carried out safely.

A motion was made by McPhetres to allow Field to purchase the items on the emergency preparedness list except the mobile solar sign. John seconded. If the grant covers the purchase of a mobile solar alert sign, then the board will allow that purchase to happen. All were in favor. Board was informed that amount of grant for Tunbridge should be known by Nov.15. This would still allow time to purchase sign before the end of the year deadline.

6:30 meeting adjourned.
