

All Hazard Response agenda
Tuesday, June 15, 2021
7 p.m. at the fairgrounds

Coordinated by Tunbridge Emergency Management Director Brenda Field

Review of the past year. What did we do well, like, what could we address differently, add, subtract.

The state wants all of us to consider all events as an All Hazard Response so that means floods, large fair disasters, large school events, loss of key assets in town, drought, forest fires, wind.

Covid was a curve ball but reviewing as a group is part of our Town Emergency Plan.
